

KING COUNTY
CARPENTER I
DEPARTMENT OF TRANSPORTATION
ROAD SERVICES DIVISION
MAINTENANCE SECTION
Hourly Rate Range: \$20.85 - \$25.20 (2005 Rates)
Job Announcement: 06SB5818
OPEN: 1/30/06 CLOSE: 2/10/06

WHO MAY APPLY: This position is open only to King County career service employees who are members of the District Council of Carpenters of Seattle, King County.

WHERE TO APPLY: Required forms and materials **must** be sent to: **Road Services Division, ATTN: Scott Bruns, 201 S Jackson Street, MS KSC-TR-0313, Seattle, Washington 98104.** Complete application materials must be received by **4:00 p.m.** on the closing date. (Postmarks are NOT ACCEPTED.) **PLEASE NOTE:** Applications and incomplete applications not received at the location specified above will not be processed.

FORMS AND MATERIALS REQUIRED: (A) A [King County Application](#); (B) completion of Supplemental Application; and (C) names and phone numbers of current supervisors and a minimum of 3 former supervisors.

WORK LOCATION: 155 Monroe Ave NE; Renton, WA 98056. Up to 95% of the work is performed in the field under varying and adverse working conditions including heavy rain, vehicle traffic, darkness, and extreme temperatures.

WORK SCHEDULE: This position is non-exempt under the Fair Labor Standards Act, and is overtime eligible and may be mandatory. The standard workweek is Monday through Friday; 8hr/day, 40hr/wk. During the summer, the schedule is 4/10.

PRIMARY DUTIES INCLUDE: Performs construction, repair and maintenance work of structures, equipment, and bridges in a carpenter shop, out of doors, in buildings or on bridges. Work is performed in inclement weather, including rain and snow as work dictates. The work involves the use of standard carpenter power tools, lifting up to 70 pounds alone or with help, and continuous physical work for the entire work day. The incumbent may be required to read blueprints and specifications, and to transfer those instructions into a finished product. The incumbent may be involved with new construction or remodeling or repairs. Assignments are received in the form of oral and written instructions.

- Layout work according to drawings; lay timbers and decks for construction; frame to code; lay ceiling joists and roof; install doors and windows; install, build, and/or repair cabinets and counters; and install floor finishes and base.

- Excavate, set grades and set up steel forms; fabricate and set up wooden forms; excavate and build wooden forms; install reinforcing steel as required; pour and finish concrete; and perform a variety of concrete repairs and patching.
- Prepare holes for posts with hand tools or power equipment; install posts as specified; and hand railing and install fencing fabric.
- Understand and effectively follow oral and written instructions from architectural plans and drawings.
- Properly jack, brace, remove and install heavy timbers; safely work at heights up to 50+ feet; maintain working site around moving traffic such as flagging and traffic control.
- Set up work sites to ensure safe working conditions per OSHA and WISHA requirements. Safely use ladders, staging, and personal safety equipment such as hard hats, safety vests, masks, gloves, goggles, protective clothing, and safety harnesses for bridge work, etc. Safely work around hazardous materials, moving traffic, equipment, machinery, etc. Safely use hand held shop and power tools, such as, chain saws, drills, table saws, band saws, routers, etc.

REQUIRED EXPERIENCE, KNOWLEDGE, SKILLS, AND ABILITIES:

- Two (2) years (24 months) of full-time paid employment in either carpentry, bridge construction or rehabilitation, concrete work, or completion of a recognized carpenter's apprenticeship program or an equivalent combination of training and experience.
- Journey-level knowledge of and skills in the carpentry trade.
- Knowledge of basic mathematics formulas and construction terminology.
- Knowledge of the occupational hazards and safety precautions of the trade.
- Knowledge of the qualities, grades, uses and adaptability of various woods, wood products and related materials used in all types of carpentry.
- Demonstrated skill in the use and care of the tools and equipment used in the trade.
- Skill in completing simple time and materials estimates.
- Oral and written communication skills
- Ability to follow verbal and written instructions
- Ability to lift, carry, move, or handle up to 70 pounds
- Ability to perform duties involving physical labor including bending, kneeling, standing, reaching, climbing, stooping, squatting, pushing, and twisting
- Ability to perform work outdoors and in inclement weather
- Ability to work in a team environment
- Ability to have predictable and reliable attendance

NECESSARY SPECIAL REQUIREMENT(S): Successful applicants must have a valid Washington State Driver's License upon date of hire. An offer of employment will be contingent on the success of a pre-employment physical examination.

UNION MEMBERSHIP: Positions in this classification will be represented by the District Council of Carpenters of Seattle, King County.

Class Code: 8590 SEQ: 0312
